

La bibliothèque de l'Antwerp Maritime Academy dispose d'une grande collection de magazines maritimes, ainsi que d'autres magazines spécialisés dans la science, le transport et l'informatique.

Tous ces magazines sont rangés de manière alphabétique dans les rangements prévus, à l'entrée de la bibliothèque. L'exemplaire le plus récent est exposé. Derrière la planche d'exposition, tous les exemplaires de l'année seront à votre disposition. Les magazines précédents sont rangés par ordre chronologique dans les archives, ils peuvent être consultés si vous le souhaitez.
